

# St. Rita Haunted House

## OUR MISSION

We are a Catholic day/residential program whose primary mission is to educate infants and students who need special methods of communication and technological support.

We are committed to providing a safe, value-oriented environment which facilitates the educational, social and spiritual development of each student.

October 1 - October 31  
Every Thursday, Friday, Saturday, & Sunday

ADVOCATE

Fall 2009

St. Rita Students Ethan and Nic notice for the first time that Jesus is signing *I Love You*.

What are you looking at?

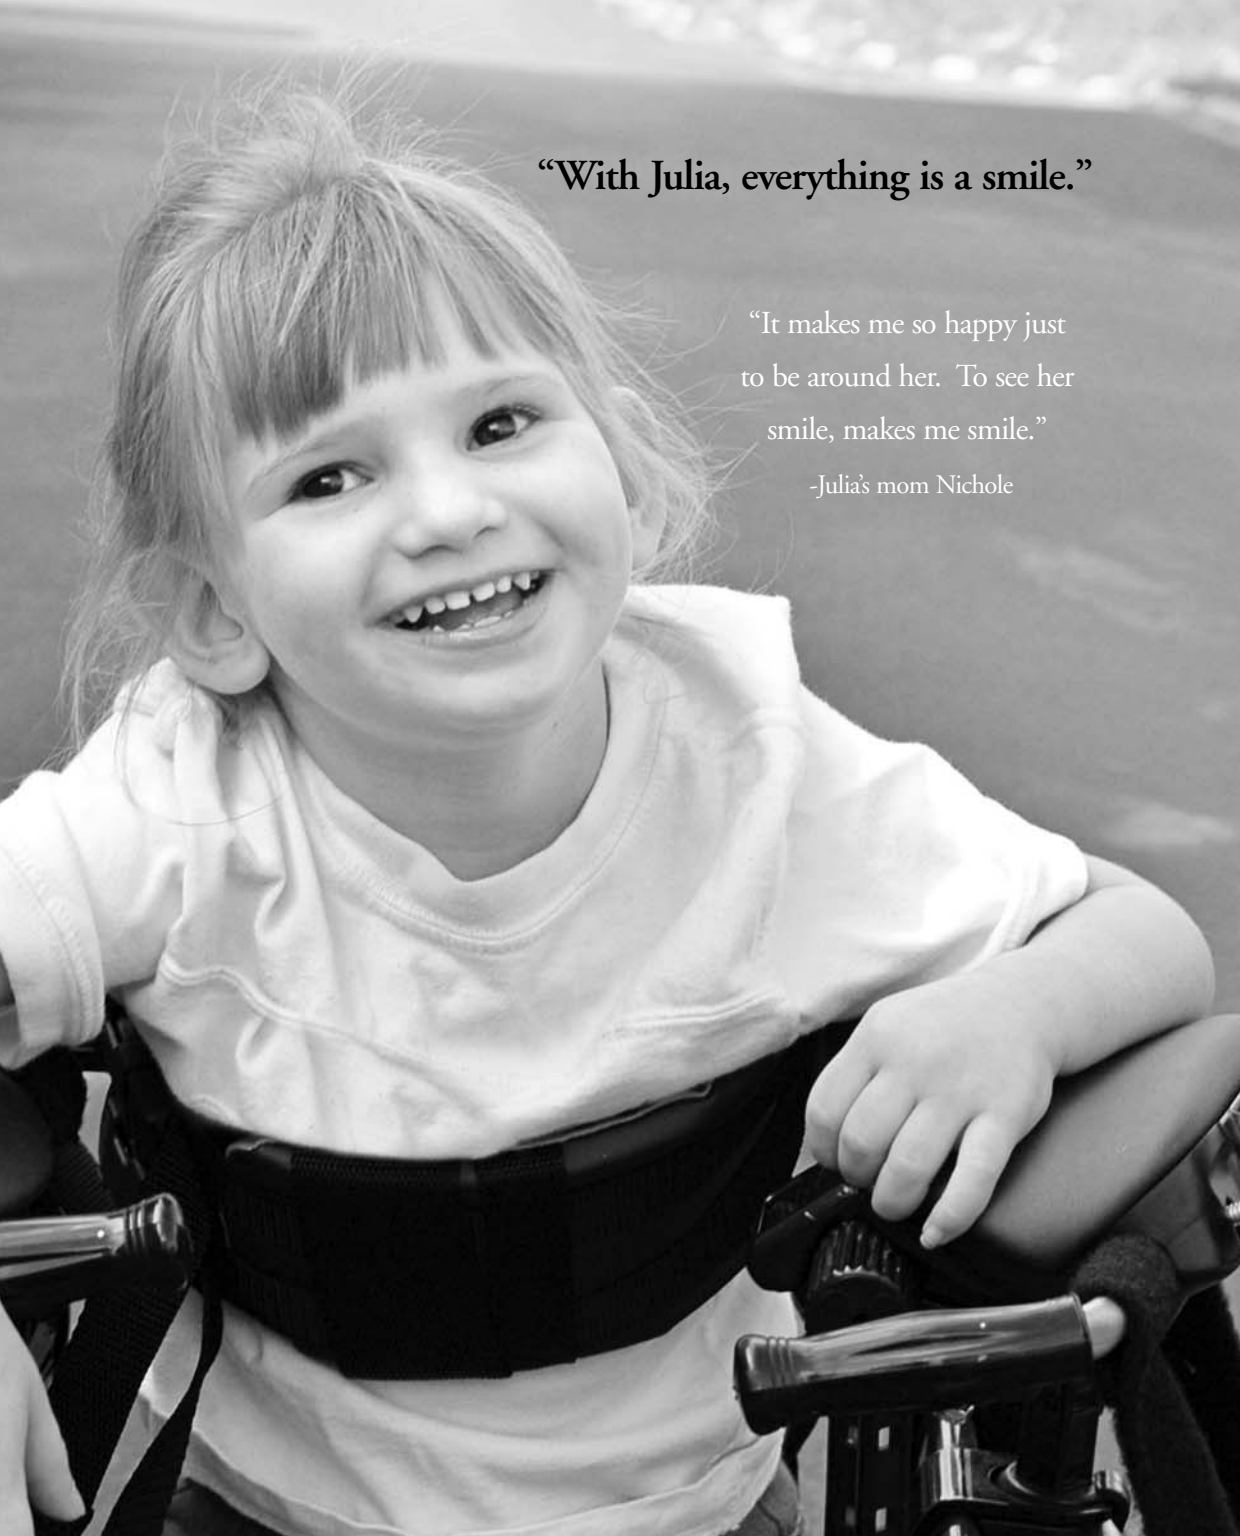

No matter where we are, it seems there is always something or someone competing for our attention. We are living in a multi-media world that never seems to shut down or slow down. It's television, cell phones, emails, texting, Facebook...and now something called twitting? Some of these things do deserve my attention. I need to answer my cell phone because there are teachers, students and parents depending on me. I need to reply to some emails, and I have even fallen victim to texting on a daily basis out of necessity. Yes, there will always be a list of things competing for my attention and yours. But are the things we give our attention to even worth looking at? Sometimes I think we see so much that we actually see nothing. On television we see children suffering from hunger in distant lands but fail to see the people in our own communities hurting in similar ways. *What are we looking at?* On the internet we see the violence in the Middle East, but ignore the fact that just a quick, twenty minute drive can take us to places that nightmares are made of. *What are we looking at?*

St. Rita School for the Deaf started a new school year on August 18<sup>th</sup> with 180 students. They are what I am looking at. Each one of them has an amazing story that shouts louder than any cell phone call, email or text message. We know they are not protected from our self-indulgent, attention-seeking world. We know there are many things competing for their attention, which is why our teachers work with passion and dedication to fulfill the mission of the school...“to provide a value-oriented environment which facilitates the educational, social and spiritual development of each student.” Our goal for each one of our students is to graduate with the knowledge, self-confidence, and faith that they need to be the best version of themselves; to be the person that God intended them to be.

Before school began we purchased one hundred new crosses that were hung throughout the school building. You will find them in every classroom, in offices, and the cafeteria. These crosses are a bit unique. If you look closely you will notice that Jesus is signing *I Love You*. We want our students to see Jesus during their busy school day. We want them to see Him using their language. More importantly, we want our students to feel His presence in our teachers and staff.

We appreciate you reading this issue of the Silent Advocate. Thank you for sharing your time with us. My prayer for St. Rita students is one that I offer to you. May you take the time to see the things that really matter, do the things that make a difference, and feel the love of Christ along the way.

Gregory Ernst

**“With Julia, everything is a smile.”**

“It makes me so happy just to be around her. To see her smile, makes me smile.”

-Julia’s mom Nichole

Julia is only three years old, but already an inspiration to many. Whether she’s working to complete an activity in the classroom or outside running around with friends, her tenacious spirit is felt. It’s a spirit that no doubt grew from her mother’s own heart. When Julia was born with CMV, doctors said she would never be able to do much of anything. Her mom Nichole, however, had different plans. After Julia was diagnosed with moderate to intense hearing loss, Nichole scheduled a tour of St. Rita School. Ironically enough, Nichole had been volunteering at St. Rita Fest since she was a child. “I always knew about St. Rita Fest, but never really knew what went on inside the school itself. When I found out Julia was deaf, I knew it was time to learn more about the school I had always volunteered for.” Nichole says during her tour she was sold, and quickly made plans for Julia to begin her education as an infant in St. Rita School’s LOFT (Language Opportunities for Tots) Program. “I believe St. Rita School has changed Julia’s life”, says Nichole. With every milestone that they experience, she remembers the discouraging words by the doctors who didn’t believe in her daughter. “Sometimes I just wish I could go back to those doctors who tried to take my hope, and prove to them that they were wrong. I want them to see all the things that Julia has accomplished.” Nichole will never forget the day Julia’s teacher, Ms. Jen, excitedly told her that Julia recognized the alphabet. She remembers the first day Julia sat up by herself and the day she began scooting around independently. “I am so grateful for St. Rita School. I know Julia has teachers and other people there who love her like I do.” Nichole says St. Rita School feels “like home”. She understands that having a deaf child means embracing the deaf culture. “I want Julia to have deaf friends and to be a part of that world, like a family.” Nichole’s goal is to have Julia treated like everyone else, and Julia won’t have it any other way. She wants to do everything her peers are doing; and teachers at St. Rita School do everything they can to make this happen. Nichole looks forward to new milestones for Julia while at St. Rita School and hopes that one day she will be a St. Rita graduate. She is optimistic about Julia’s future, but tenderly embraces the reality that Julia may need her life-long support. “I know she might need to live with me forever. It doesn’t bother me. I love her. She is my child and I will do anything for her.”

There are less than ten culturally deaf priests in the world.

Two of them graduated from St. Rita School for the Deaf.

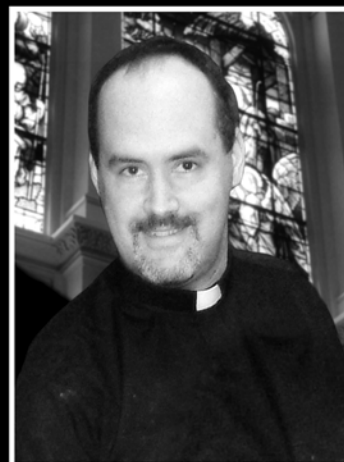

*Thank you for your service...*

**Father Jim Hall**, a 1955 St. Rita graduate, was ordained priest on June 9, 2001. At the age of 64, he became only the 7<sup>th</sup> deaf person to be ordained a Catholic priest in the United States. Father Jim Hall died suddenly June 26, 2006.

It's been over five years since Father Michael Depcik last visited students at St. Rita School. The picture to the left was taken during his visit in 2005. Somewhere underneath all those student's hands are Father Depcik's hands. Today he is still using those hands to communicate the love of Christ to over 3,000 people each month, most of whom are deaf. With his weekly video blog, Father Depcik provides spiritual guidance through homilies, guest interviews, special prayers, and by answering questions from viewers.

Father Depcik believes the greatest problem facing deaf Catholics is that they do not have access to the sacraments, and therefore do not have a full understanding of the Catholic faith. Most Catholic churches across the country do not offer Mass in ASL (American Sign Language). Some churches do have interpreters at times, but having a hearing person interpret words of faith is not the same as having a deaf priest who speaks your language.

The Catholic church has also undergone some major changes over the last forty years. When Father Depcik was growing up there were more priests and nuns serving in the Catholic church. They helped him learn about his faith and taught him how to pray.

*Thank you for your service...*

**Father Michael Depcik** graduated from St. Rita School for the Deaf in 1988. His mother, along with his four siblings also attended St. Rita School. He was ordained priest in June of 2000 and currently serves deaf Catholics in Chicago. He also leads summer programs for deaf Catholics at De Sales Center in Brooklyn, MI.

*God's favorite language is silence. We need to be silent to listen effectively to God." - Father Michael Depcik*

"Things are different now. Today, there aren't as many priests and nuns, so Catholic parents must take a more active role in teaching their children themselves."

Father Depcik is most concerned about the rise in broken families. He worries that families are too busy; that they need to slow down and spend more quality time together.

"If families are not stable, then society will not be stable. Families need to learn how to pray together."

He gives credit to his "St. Rita" family for being an integral part of his faith and vocation. Father William Wysong, current St. Rita School priest, taught Father Depcik when he was a student in the 80's.

"He was an excellent teacher and he gave me a good foundation. I still remember many things from his classes; in fact, I think he taught better than a few of my professors at seminary."

Next June, Father Depcik will be transferred to Detroit where he will begin his work at St. John Deaf Center. He no doubt will continue to be in high demand throughout the world as he carries out his new pastoral work.

**Please visit Father Depcik on his video blog at [www.frmd.org](http://www.frmd.org)**

## *Did You Know?*

St. Rita School for the Deaf is fully accredited by the Archdiocese of Cincinnati and by the State of Ohio. St. Rita just completed its most recent 2-year accreditation process. St. Rita School had been accredited for years, but is required to participate in a renewal process every six years to maintain accreditation. The first year is a self-study, during which an academic portfolio is developed. The portfolio outlines in detail how St. Rita School's curriculum aligns with Ohio's state standards. During the second year of the accreditation process a representative from the Archdiocese of Cincinnati reviews the portfolio. A team of Catholic principals, teachers, and administrators then perform an external review to look over the portfolio a second time. They make recommendations before the final portfolio is submitted to a state committee. Once again St. Rita received a full approval! Congratulations teachers, administrators and staff for making St. Rita School for the Deaf great!

*"My students have taught me that a teacher is never too old or too wise to learn something new each and every day from her students."*

-St. Rita preschool teacher Miss Sue

# Everyday Miracles

By Senior Katie Jung

My first day at St. Rita School for the Deaf, I remember it just as if it were yesterday. I walked onto the campus and was greeted by a myriad of friendly faces. A priest led us to a chapel up on the second floor of the school. Doors were opened wide and long rows of wooden benches welcomingly beckoned us to enter. The chapel was radiant by the sun reflecting through the stained glass windows surrounding the room.

An angelic figure was kneeling in front of the benches holding up her hands into two *I love you* signs. That figure is one of the numerous, inspiring symbols surrounding the campus reminding us that God loves us very much. The priest walked to the altar and kissed it. I noticed that there too was an *I love you* hand sign engraved on it. I soon learned that the priest's name was Fr. Wysong. He signed the entire mass.

I felt a presence in the chapel that day. I either finally listened after so many years, or possibly it was the first time ever. I grasped the fact that it was God's house and that we were graciously invited. From that day, I felt the harmony within, and I actually belonged here unlike the other public schools I had gone to in the past. St. Rita School is an ideal example of one of God's numerous homes.

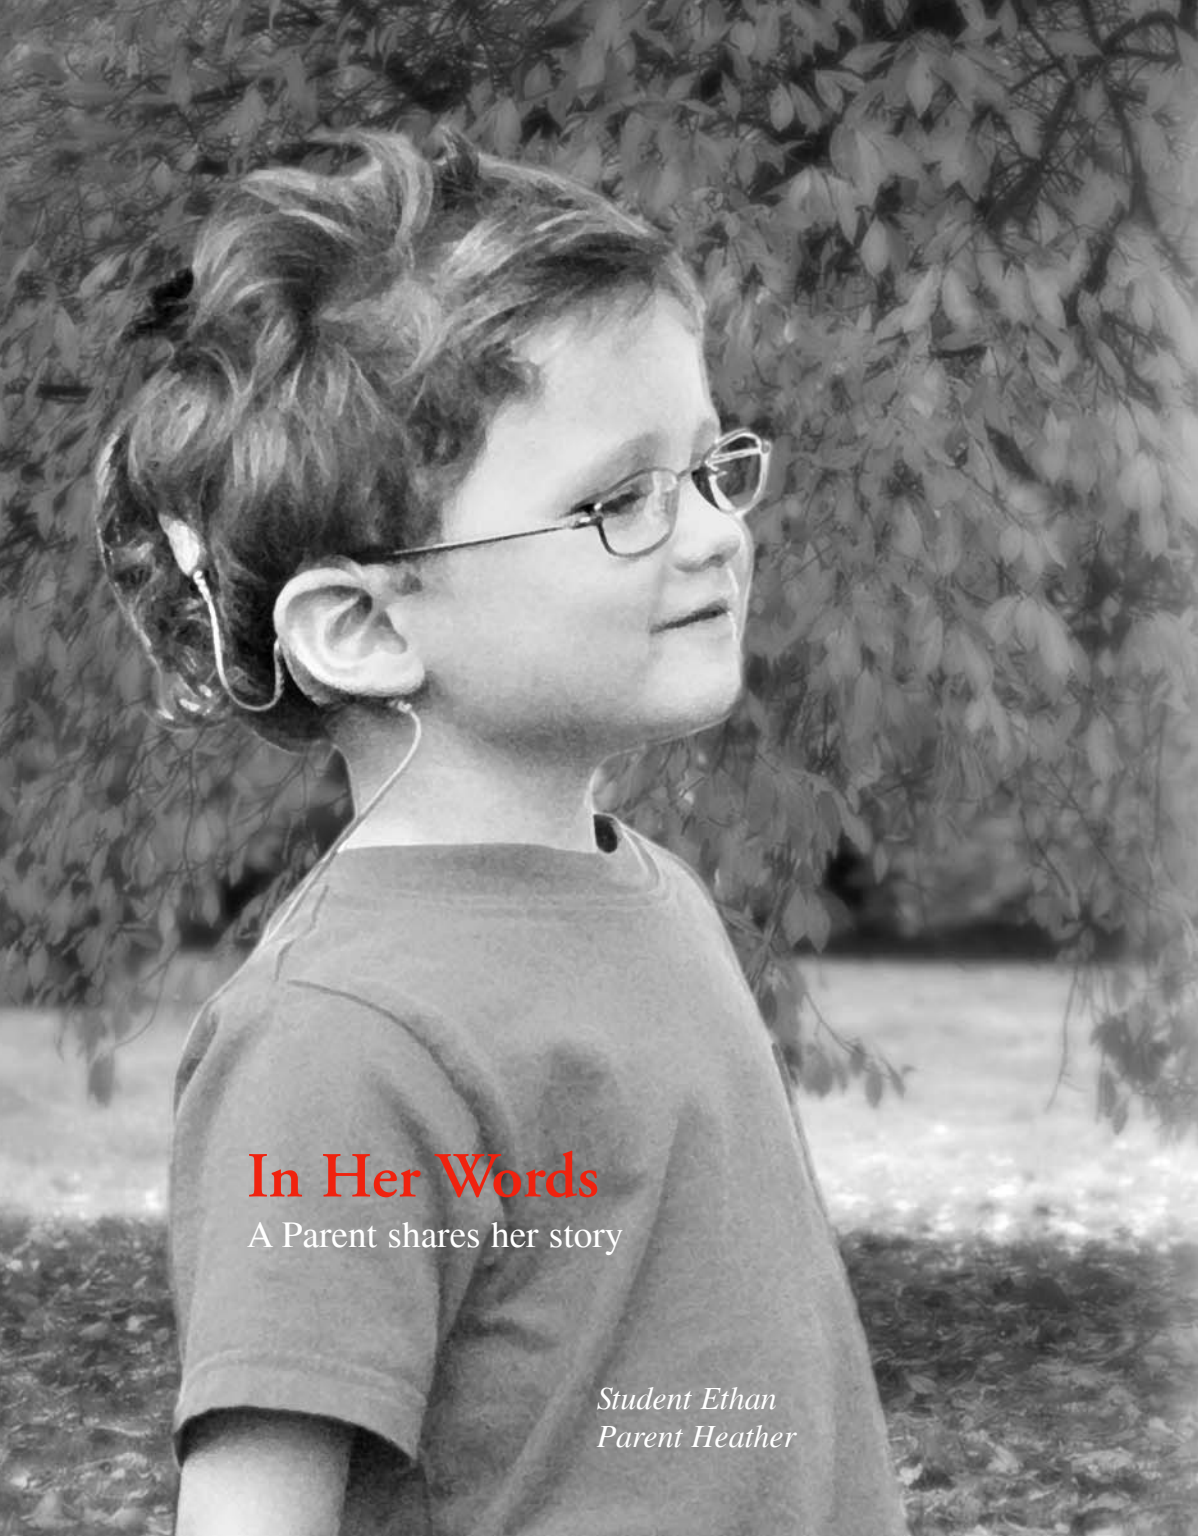

Many people aspire to witness miracles, and claim that it is extremely rare to see one in their lifetime. I believe I am extremely lucky because I witness miracles nearly every day. They take place within the aged walls of St. Rita School for the Deaf. Even the saint the school is named after is a miracle. Her life story is filled with incredible miracles and selfless love for God's people.

Just a few decades ago, if you asked someone what he or she thought was possible for the future of a deaf child, they probably would have said it seemed bland and uninspiring. Apparently, many deaf children didn't have hope back then. St. Rita School proves this wrong. Students who don't have English as their first language or even students with very little language at all, transfer to St. Rita School and emerge as high school graduates with dazzling futures. Each graduate, alone, is a miracle. St. Rita School for the Deaf continues to be an ideal example of God's house.

I'll always have faith in St. Rita School to produce miracles every day. I will feel so honored to stride onto the stage in my cap and gown to receive my diploma as a St. Rita graduate. I'll always remember the miracles that occurred here every day and the symbols that remind us of God's unconditional love.

## In Her Words

A Parent shares her story

*Student Ethan  
Parent Heather*

We first came to know about St. Rita School for the Deaf about 2 years ago when a friend of ours saw a story on the evening news. We weren't even living in Cincinnati at the time, but my friend called and told me about the school and I decided to set up a time for a tour. That was all it took. I was sold. My husband and I moved here one year later and enrolled Ethan in the preschool program. This year Ethan is starting his second year in Miss Sue's class and he absolutely loves it.

Ethan was born in 2005 with congenital CMV. We found out very early that he was deaf and over the course of time it became clear that he would face additional challenges. He is really perfectly suited for St. Rita School since he is both deaf and apraxic. He is a busy little guy who is always on the go and he loves just about anything with wheels. He's also very intelligent and has been called the Alphabet Wizard by his teacher. He has many physical challenges with both fine and gross motor, but they don't get the best of his strong willed and tenacious personality.

St. Rita is really a perfect match for Ethan's communication needs but they have also risen to the challenge of meeting his other needs as well. The Montessori approach that is used in the classroom is wonderful for so many reasons: the independence it fosters, the personal responsibility, the emphasis on fine motor tasks as they relate to real world skills, and the flexibility to learn and discover at his own pace.

When Ethan started school last year, my husband and I just couldn't imagine that he would be able to do a fraction of the things that were expected of him in Miss Sue's classroom. She has high expectations for her students, regardless of their abilities or disabilities. Ethan has a significant problem focusing his attention and sitting still, but we've seen a dramatic improvement in this area. Ethan was also nonverbal when he started school and not signing nearly as much as we'd hoped. Now he is speaking and signing together! His demeanor is also different. He's a happier and a more well adjusted little boy now that he's at St. Rita School.

St. Rita is a special place because it's abundantly clear when you walk through the front doors that everyone is welcome. This is unique for any school, but really appreciated by parents who have children with multiple special needs. At St. Rita School everyone is valued for who they are and encouraged to reach for the stars because they are told they have the potential to do so. Ethan is very happy to be at school and would generally prefer it if we would just leave him there! He has self-confidence and pride, something we hadn't seen in him before attending school. I have complete confidence and faith in the staff at St. Rita School and feel an enormous amount of gratitude. I have no fears about Ethan's future because he is in such competent and compassionate hands each day!

## Snapshot: Victoria Hanning

*1999 St. Rita Graduate*

### **How did St. Rita prepare you for the future?**

St. Rita helped me learn to pay attention to my surroundings. Teachers there helped me gain the courage to voice my opinion and get involved with conversations. I was always a very active girl, but I really was quiet and shy when I came to St. Rita. St. Rita school really helped me bloom from a shy girl into an assertive young woman.

### **Why is St. Rita School for the Deaf a special place?**

St. Rita staff are always there to help you when you need it. They are there with open arms for simple hugs when you feel down. They are there if you are struggling with your school work. They are there to give you advice when you need advice and help you grow into a young adult.

### **What did you do after graduating from St. Rita?**

I ran for Miss Deaf Ohio and came in as first runner up. I attended the University of Cincinnati for one year, and then I transferred to Cincinnati State. I received my degree from Cincinnati State in Liberal Arts and Deaf Studies. Then I attended Wright State University and completed my B.S. in Rehabilitation Services.

### **What do you enjoy about your job as a teacher's assistant at St. Rita School?**

I enjoy my job because it is different every day. The kids I work with challenge me, but at the end of the day I feel rewarded. I've always enjoyed doing things for teachers because it's great to have another perspective and feedback from another person. It's always about teamwork when you work with the Voc I class. There is always joy to be around the kids because they bring a smile to your face regardless of what they do.

### **What are some of the most important things you are helping to teach students?**

Life skills are the most important things that I try to teach students. Once they learn to pay attention to their surroundings they will be able to ask for help and express themselves. Then they will achieve.

### **What is the most challenging thing you've ever done?**

Trying to finish my B.S. from Wright State and being a mom at the same time. What I learned from that experience is that life will not always come out your way, but you have to work your way around it.

### **Do you believe anything is possible?**

Yes, I do believe anything is possible. Just because you are deaf or have another disability does not mean you have to put your life on hold. You always have to find a way around it, even if it takes longer. It's okay if it takes a long time but if you're determined, then you will make anything possible. It's how you set your goals and figure out the strategies.

### **How do you feel about St. Rita School for the Deaf?**

When I walk into St. Rita School for the Deaf I feel something good is waiting to happen, but I never know what it is. It's either a student coming up to me and giving me a hug, or a staff member and/or parents appreciating the work I do for the students. St. Rita School for the Deaf is a place for students to become successful. I am one of them. They guided me and helped me bloom into a wonderful person.

### **What would you like to say to St. Rita students?**

I would like the students to know they can always come to me for advice without any judgments. I also want them to know that if I can overcome many barriers, then they can too!

## Feast Day Coincidence?

*Do you believe in coincidences?  
You might rethink your answer  
after reading this.*

St. Rita of Cascia is the Patron Saint of the Impossible. Last Feast Day, May 22<sup>nd</sup>, three things happened at St. Rita School for the Deaf, creating more than just a coincidence. It began in the morning with some first-time visitors. There to pick-up their daughter after her week-long, deaf residential practicum, they had one special request. They had to visit the school's chapel. Upon entering, they were overcome with great emotion when their eyes met a glowing, stained glass window of St. Rita of Cascia. Their story actually began that morning, before they even left for their commute. An early phone call from their best friend gave them a unique reason for their very timely visit of St. Rita School. Turns out their best friend had just received news of her successful adoption of a deaf child. These visitors were there to offer special prayers of thanks to St. Rita of Cascia, on her Feast Day, for their best friend's recent blessings. Later that same Feast Day administration received news that St. Rita School had received its accreditation by the Archdiocese of Cincinnati. But there is even more to this "coincidence". On this Feast Day, St. Rita School's assistant principal, Maryann Barth, was chosen from thousands to represent deaf Catholics from around the world at the Vatican. She will travel to Rome in November.

*A coincidence is when God chooses to remain anonymous.*

For opportunities to serve with the Sisters of Charity of Cincinnati, visit their website at [www.srcharitycinti.org](http://www.srcharitycinti.org)

## A Celebration of Service

*The Sisters of Charity  
Celebrate their  
200th Anniversary*

The year 2009 marked the anniversary of the founding of the American Sisters of Charity by St. Elizabeth Seton in Emmitsburg, Md. It was a significant event both for the Sisters of Charity and for the American Catholic Church, since the Sisters of Charity were the first active congregation of women religiously founded in the United States, as well as the largest community to serve our country and church during the entire antebellum period. (Excerpt from the Sisters of Charity of Cincinnati website. [www.srcharitycinti.org](http://www.srcharitycinti.org))

Congratulations to St. Rita School's Sisters of Charity, Sister John Michael Geis and Sister Jane Bernadette Leo. On behalf of everyone at St. Rita School for the Deaf, we thank you for your loving service. God Bless!

### *We are planning our 50th High School Reunion.*

May 20th-22nd, 2010

Cincinnati Marriott Northeast

For more information or to receive  
a reservation form, please contact:

**Allan Ruessman**

PalAllan42@aol.com

Fax or VP: 586.254.7454

Address:

11914 Jasmine CT.

Shelby TWP., MICH 48315

***Please spread the word!***

*You can make a legacy gift to St. Rita  
School for the Deaf.*

**Whether you think of yourself as rich or poor, or somewhere in  
between, your gift can make a difference.  
Even a small amount can have a big impact over time.**

***There are many ways that you can make a  
difference in our students' lives:***

**Update your will or living trust-** to reflect St. Rita School for the Deaf as one of your beneficiaries. Without these documents, you surrender control of your property & assets to the courts.

**Think beyond cash** – you can also give stocks, real estate, insurance policies

**Life Income Gifts** – Through establishing a charitable gift annuity or charitable remainder trust an income would be paid to you or a loved one for life while making a meaningful (and tax-deductible) contribution to us.

**Scholarship Funds** - Nearly all of our students are in need of financial assistance. Creating an Endowed Scholarship Fund in your name or a loved one's name will help to ensure that we may continue in our mission. Endowment dollars are necessary so that we may continue our ministry to the children we serve today and into the future.

**Special Projects** - We are always seeking funding for special projects within our classrooms and capital improvements within our campus.

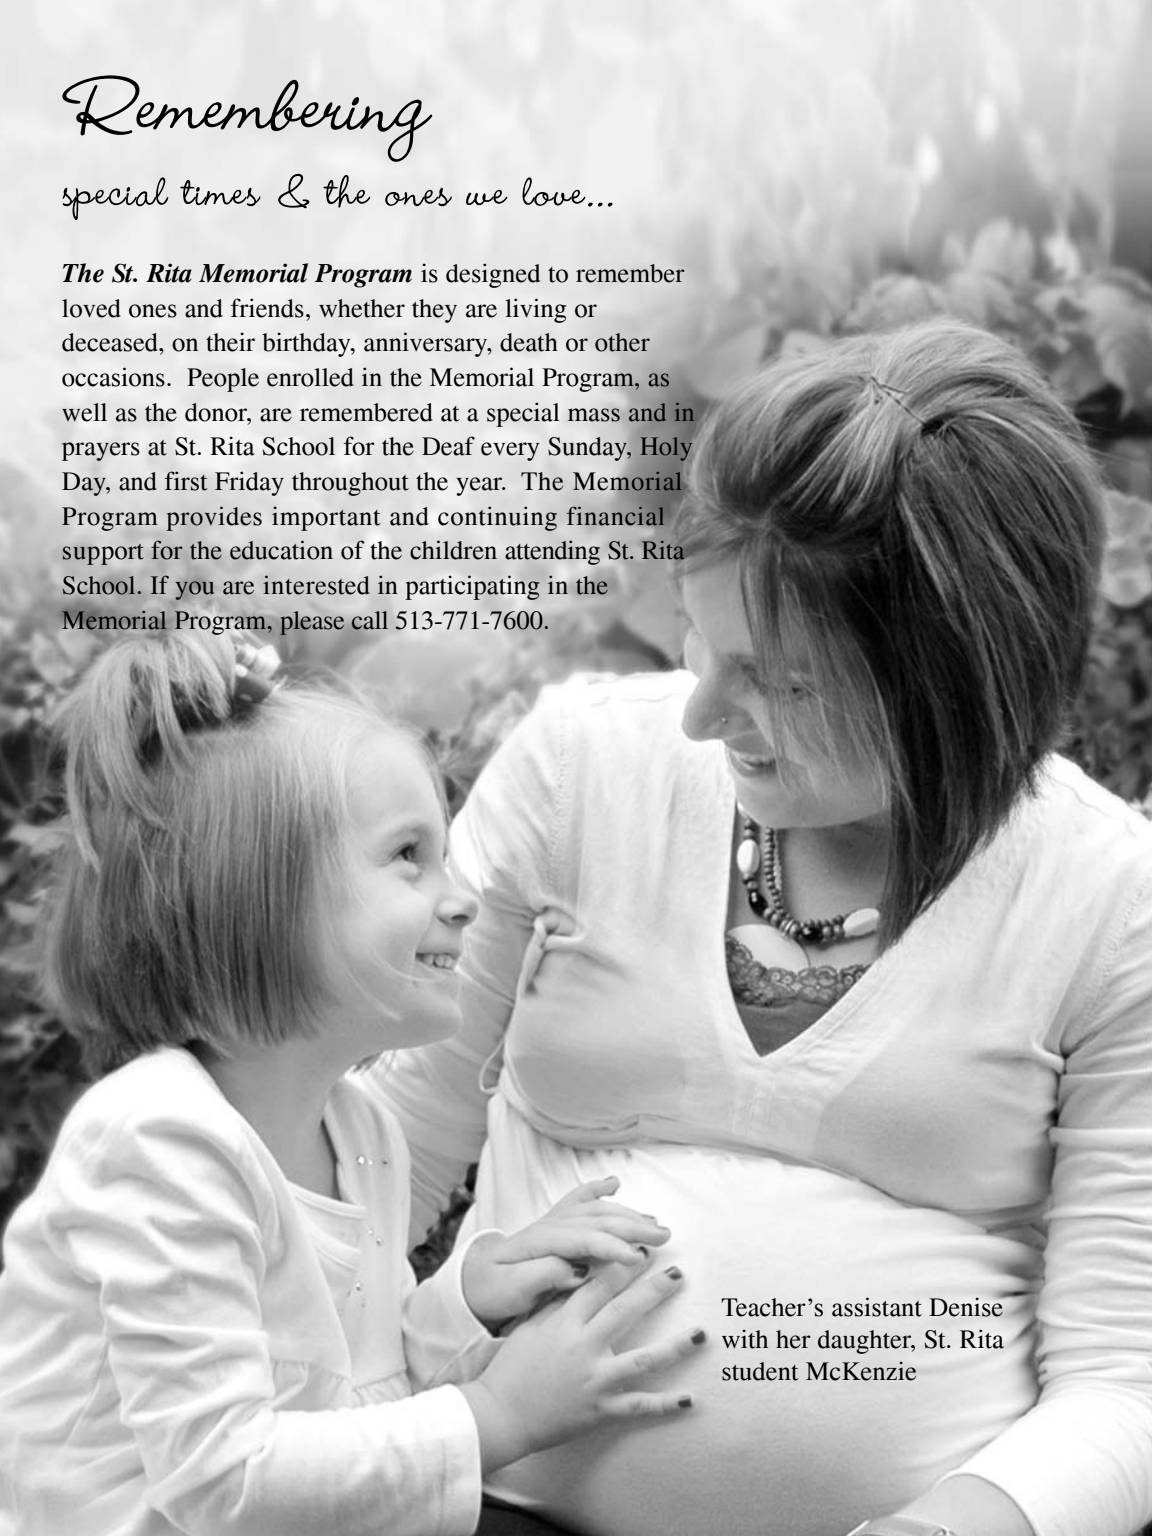

*Thank you for providing the meaningful difference  
in what we can do for the children we serve.*

# Remembering

special times & the ones we love...

*The St. Rita Memorial Program* is designed to remember loved ones and friends, whether they are living or deceased, on their birthday, anniversary, death or other occasions. People enrolled in the Memorial Program, as well as the donor, are remembered at a special mass and in prayers at St. Rita School for the Deaf every Sunday, Holy Day, and first Friday throughout the year. The Memorial Program provides important and continuing financial support for the education of the children attending St. Rita School. If you are interested in participating in the Memorial Program, please call 513-771-7600.

Teacher's assistant Denise  
with her daughter, St. Rita  
student McKenzie

## February

### 50th Wedding Anniversary

## SPECIAL SCHOLARSHIP FUNDS

*St. Rita School for the Deaf has a tuition assistance and scholarship program for our students based on need.*

### Why are endowed scholarship funds needed?

Since 1915, no child has ever been denied an education at St. Rita School for the Deaf because of their family's inability to afford the cost of tuition. This ministry continues because of the commitment and generosity of individuals and organizations that have recognized the importance of reaching out to students who may not otherwise have the opportunity to receive what is necessary to ensure their future success.

### Nearly \$3,000,000 is needed in Scholarship money each year.

These endowed scholarship funds are so important and necessary because they will continue to provide support to students now and into the future.

The families and organizations listed below have recognized this important need and made a commitment to the education of our students by establishing a Named Endowed Scholarship Fund in memory or in honor of a loved one so that this special ministry may continue.

For information related to establishing a Named Endowed Scholarship Fund, contact Robin Bayowski in the Development Office at 513/771-7600 ext. 324.
