

The *Silent* ADVOCATE

up, up and away...

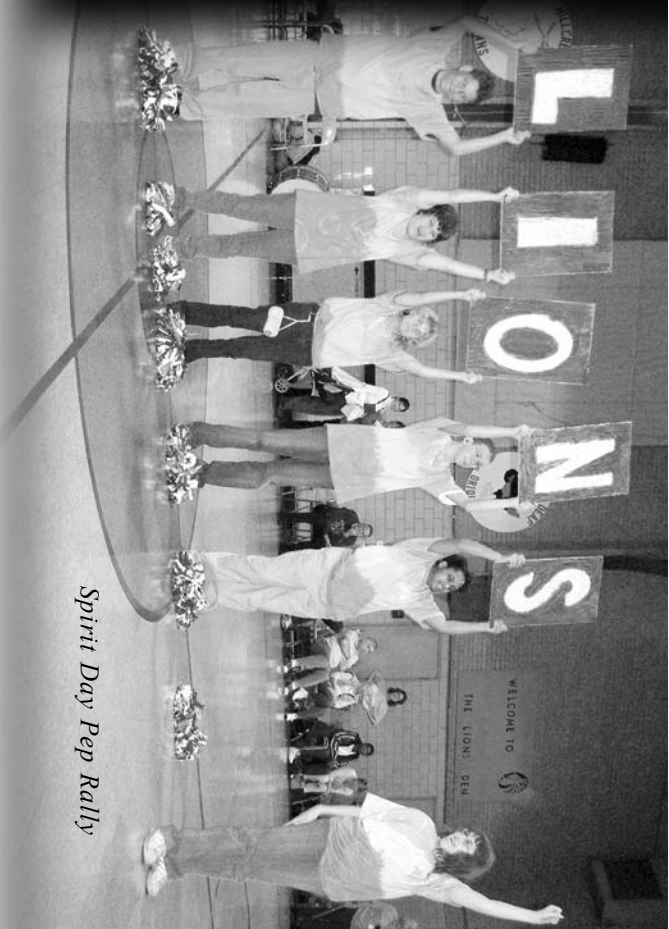

OUR MISSION

We are a Catholic day/residential program whose primary mission is to educate infants and students who need special methods of communication and technological support.

We are committed to providing a safe, value-oriented environment which facilitates the educational, social and spiritual development of each student.

ST. RITA
FOR THE DEAF
teaching communication for life...

1720 Glendale Milford Rd.
Cincinnati, OH 45215
513.771.7600
www.srsdeaf.org

The hot air balloon on the cover of this Silent Advocate was a fun way for science teacher Nick Wimmers to teach students about the properties of air, density, and gravity. As Nick put it, "When the air molecules inside the balloon are heated, they absorb the heat energy, become excited and move faster. The air inside becomes less dense

than the air outside the balloon, and before you know it the balloon rises."

The balloon was one of over 50 educational gifts chosen from a Gift-Wish Tree that was displayed during our Scholarship Benefit in November. It was like Christmas all over again when I had the pleasure of handing out the gifts to unsuspecting teachers and support staff. Once again the

generosity from caring donors and supporters brought smiles to many faces, including my own. Of course the gifts were really for the students, but I think it's safe to say we adults have enjoyed them just as much.

There are so many people who make St. Rita School for the Deaf an outstanding place to learn. Teachers, administrators, parents, donors, and many others have created an energy

that should get us all excited about St. Rita's future. You will get a glimpse of some of that positive energy when you read through this Silent Advocate. More than ever we are moving faster and stronger towards our goals. I am certain that if we all work together and truly value one another, we will continue to rise higher and higher...*up, up and away!*

Executive Director Greg Ernst gave Sister Jane Bernadette a big surprise, when he handed her a bag of gifts from generous donors. Some of the gifts included: Legos, basketballs and jump ropes.

Speech Therapist Karen Rosen was happy to get Thinkblots - a game that challenges players to find images within wacky shapes formed by black ink.

Who's up for a game of Outburst JR? Teacher Eileen Chambers couldn't wait to show her class.

Gregory Ernst

Executive Director

Thanks for the gifts!

Interwrite Boards

help students learn visually

Fifth grader Johanna Kelly wanted her turn to use the Interwrite Board, so when teacher Melisa Greatorex said she was next, Johanna jumped out of her seat with a big smile on her face and rushed up to the front of the class. Johanna first signed each word listed on the board. First CUT, then THINK, and then LISTEN... and using the electronic virtual marker she dragged the words to their corresponding picture. All eyes were on the board as each image came to life through simple animation. Interactive exercises like these are helping St. Rita students of all ages form connections between ASL (American Sign Language) and written English. These Interwrite Boards are hands-on teaching tools that completely involve students in their education.

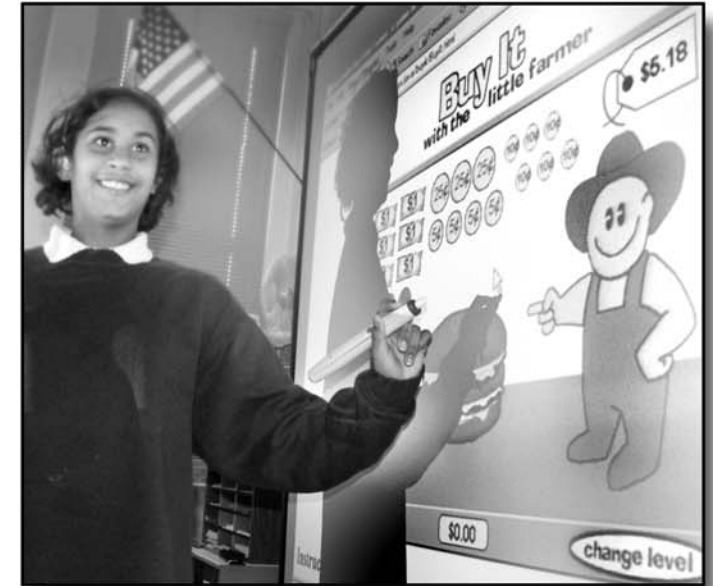

Thanks to the generosity of a special foundation, St. Rita School for the Deaf was able to purchase 5 new Interwrite Board Systems, including 5 new digital cameras and projectors. Once the Interwrite Board is connected wirelessly to a computer it becomes a giant full-color monitor that can show most software applications, access the internet, and save and print assignments. It becomes an extension of the computer, offering students a chance to stand up in front of the class and use digital markers to write, drag, and tap their way through fun educational lessons.

For deaf and hard of hearing students, English is a second language, and writing is truly challenging and intimidating. The Interwrite Board provides a new medium for teachers that is especially helpful with literacy. Students *want* to express their ideas on the board. They *want* to write and *are not afraid to write* because they can visually understand both signed and written language.

After a field trip to the Cincinnati Fire Museum, one class used pictures they took with their digital camera to create a Power Point presentation. The slides were projected to the Interwrite Board and then used to create a story about the trip. Students were able to write and correct each sentence by touching their virtual marker to the board.

Sixth grader Raven Slone practices her math skills using the Interwrite Board and an interactive math game accessed through the internet.

The Interwrite Boards allow teachers to do more *across curriculum* teaching. The picture below is teacher Natalie Beard using the board to teach both math and English to one of her high school classes. “I usually scan pages from books and then project them up on the board so I know everyone is looking at the same thing. Students take turns circling the challenging vocabulary they don’t understand and then we read through the stories together.”

Teachers have reported using the Interwrite Boards for more than 50% of their classroom instruction and say the visual benefits of the boards have increased classroom participation by as much as 75%.

The Scholarship Benefit

*It's important,
any way
you look
at it...*

“Lauren has blossomed at St. Rita. Both her sign language and oral skills have improved at a much faster rate. When she is constantly talking about friends, you can't imagine how my heart feels. She is a part of everything socially. Most importantly, Lauren feels like she belongs.”

*St. Rita student Lauren Hensley with her mom Pam Hensley.
Lauren is one of many students who benefits from the Scholarship Event.*

Hundreds of people turned out for St. Rita's 26th annual Scholarship Benefit. A very pink Sock Hop was the theme, brought to life by rock'n 50's music, poodle skirts, and many “cool” dudes. With camera in hand and an eye for snapping great candid shots, one special volunteer spent hours taking photographs of the people who helped make the event so successful. Pam Hensley, parent of St.

Rita student Lauren Hensley, said being the photographer for the night was the perfect way to show her support. “As I roamed the room taking pictures, I was in awe to see how many people wanted to pay for a gift from the Gift-Wish Tree and bid on items from the Silent Auction. I could tell people really wanted to help St. Rita School and I sensed their care and love for the children.”

**Mark Your Calendar Now for the
Next Scholarship Benefit!**

**Saturday, November 19th 2005
Ewendale Recreation Center**

All money raised from the Scholarship Benefit goes into a special scholarship fund that enables St. Rita School for the Deaf to provide a quality education and unique social opportunities for its students.

ALUMNI

Tanya (Myers) Hoyt, Class of 1998

After completing her Associates Degree in Early Childhood Education at Sinclair Community College, Tanya Hoyt decided to follow her heart and return to the school that had given her so much.

For three years Tanya Hoyt has worked with deaf and hearing children in the LOFT (Language Opportunities for Tots) Program at St. Rita School. She says when she walks into the school building she feels a sense of purpose and has faith that she is right where she needs to be. Seeing her work with the young children at St. Rita School, you quickly realize that teaching comes naturally to her. She has a loving and gentle disposition that brings so much warmth to her classroom.

This is Tanya's first year working as one of the Montessori Preschool teachers. She says, "The children are all so beautiful, and they are growing and developing new skills so fast." Tanya remembers her life as a student at St. Rita School very fondly. She always felt challenged and accepted, which is exactly how she wants her students to feel.

Tanya believes switching from a mainstream public school environment to St. Rita School for the Deaf really made a difference in her life. St. Rita School challenged her academically and provided her with opportunities to grow socially. She was on the basketball and volleyball team, a cheerleader, even Class President. Tanya is also thankful that St. Rita School helped her form a deeper connection with the Catholic Faith. Tanya and her husband, Justin, live in Oxford, Ohio.

**DID
YOU
KNOW?**

St. Rita School for the Deaf has been educating deaf and hard of hearing children for 89 years, and plans to continue its unique educational program for many years to come.

*Because of you our students are growing stronger...
academically, socially, and spiritually.*

St. Rita School for the Deaf has never refused a student because of their family's inability to afford the cost of tuition.

This is pretty remarkable considering the high cost to educate just one student...\$14,000/year for a day student and \$24,000/year for a residential student. Each year St. Rita administrators meet with new prospective students and their families to discuss the benefits and opportunities that await them at St. Rita School. Parents want the best for their children especially when it comes to their education, and often the best placement is St. Rita School for the Deaf. You can imagine the relief most parents feel when they are told their child is welcome even if they cannot pay the full tuition cost.

St. Rita School has a tremendous responsibility to raise money for its students. Over 95% of the students attending St. Rita School for the Deaf receive tuition assistance. With an annual operating budget of over 3 million dollars, St. Rita School relies very heavily on its fundraising efforts. Seventy percent of the school's budget is contingent on the generosity of its donors both large and small, which is why St. Rita School is always doing some kind of fundraising. So get excited about supporting our fundraisers like St. Rita Fest, the Scholarship Benefit, 1720 Club, and our Holiday Appeal. Your contributions to these fundraisers and others directly benefit St. Rita students. Your money helps support our special programs including, Technology, Literacy, the Learning Gardens, and After School Activities. Your support and involvement means the world to us, and to all the students we are blessed to serve.

The greatest
SUCCESS
is helping others succeed

Socialization continues to play a major role in the overall development of each student at St. Rita School. For three years its After School Activities Program has given students opportunities to gain self-confidence, work as a team, and build lasting friendships. With help from new After School Coordinator Peter Keller, St. Rita School is more committed than ever to helping students develop the social skills they need to succeed.

“Working at St. Rita School is never a ‘job’ to me...it’s like a mission, an exciting experience to work with students and staff every day to make lives better for all of us.”

—Peter Keller

Peter works with both day and residential students and is responsible for making sure everything runs smoothly from afternoon until bedtime.

He acts as an important communication link between students, resident advisors, teachers, and other staff. Peter says the best part about his job is working with kids of all ages and seeing them grow socially. Students can get involved with team sports including soccer, volleyball and basketball, or join the dance team or the signing choir. Peter says some of the favorite activities have been rope courses, rock climbing, crafts, and definitely parties and dances. And although all of these activities have provided students with fond memories, it’s the caring adults leading the activities that become most important to students. They are the people students look up to and learn from. They are positive role models, teaching by example. Peter says it’s important for young people to have positive role models so they don’t feel lost or discouraged by the time they reach adulthood. “I try to teach students to show love, patience, and understanding. They will remember seeing someone doing good things for them, and want to do the same for others.”

Peter’s wife Roberta Keller (behind Peter) is a St. Rita graduate and teacher. She is also the assistant girl’s basketball coach; serving as one of the many positive role models helping students succeed. Even their dog Goldie hangs out with students. Peter and Roberta have taught her over 20 signs.

Remembering Others...

So often we wonder...what can we give to someone who seems to have everything? Or what can I give when I just want to remember someone...just because? At times like these it may be most appropriate to give a beautiful thought rather than something that may or may not be used. A beautiful thought is never left at home, unworn or unused.

A gift to St. Rita School for the Deaf in the name of a family member or friend who has been a vital part of your life and community expresses such a thought. You and the individual you are honoring together are able to give hope and provide a higher quality of education to current and future generations of children who look to St. Rita School for the Deaf for the education, love and care they are so deserving of. These are the kind of thoughts that give good feelings that last a lifetime and beyond.

Memorial and honor gifts add joy and meaning to your personal giving plans while they offer flexibility because they can be made in several ways:

- **Gifts of cash and check** are the most popular methods of memorial giving. Such gifts are convenient and can be tax-deductible.
- **Stocks, bonds and mutual funds** that have increased in value can offer regular tax savings, while also avoiding capital gains tax on qualified assets given for charitable use.
- **Gifts of life insurance** that are no longer needed for their original purpose can be an excellent way to make a memorial gift.
- **A gift included in your will and living trust** can establish a lasting legacy in honor of someone special.
- **Gifts through charitable trusts allow you to receive a fixed income for life.** Gifts such as these are special because the money used to fund the trust can be designated as a memorial in honor of someone. Each time you receive payments, you can experience the pleasure of knowing you have made a generous contribution to our work and brought recognition to someone very special.

Take a few moments to consider the best ways to make *your* gifts in honor of others. For your convenience we have included an envelope. For more information, please contact me at 513.771.7600 ext. 324 / rbayowski@srsdeaf.org

July 8, 9 & 10

Remembering

special times & the ones we love...

The St. Rita Memorial Program

is designed to remember loved ones and friends, whether they are living or deceased, on their birthday, anniversary, death or other occasions.

People enrolled in the Memorial Program, as well as the donor, are remembered at a special mass and in prayers at St. Rita School for the Deaf every Sunday, Holy Day, and first Friday throughout the year.

The Memorial Program provides important and continuing financial support for the education of the deaf children attending St. Rita School. If you are interested in participating in the Memorial Program, please call 513-771-7600.

ENDOWED SCHOLARSHIP FUNDS

St. Rita School for the Deaf has a tuition assistance and scholarship program for students based on need. The family income of many of our students each year falls below the poverty level. This means very few can afford the full tuition cost.

The following families have made generous contributions to St. Rita School for the Deaf by establishing a Named Endowment Scholarship Fund in memory or in honor of a loved one.

The corpus of the Named Endowment Scholarship Fund is preserved and families and friends may add to the fund with future contributions to their particular Scholarship Fund. The interest earned in each of these scholarship funds is used to assist those children who are in need of financial assistance.
