

In 1915, the need to provide an education for deaf and hard of hearing students in the community presented itself to Fr. Henry Waldhaus. He chose St. Rita, 'Saint of the Impossible', to be a constant reminder that with the proper education and environment, *anything is possible for our students*. His dream lives on in the vision, leadership and commitment of the current administration. St. Rita School continues to innovatively educate infants and students who need special methods of communication and technological support from throughout the United States and all around the world.

St. Rita Fest began as a "Visiting Day" in 1916 for families of the children attending St. Rita School. It has become not only one of the oldest and largest, but one of **the favorite annual festivals in the Greater Cincinnati area**.

The monies raised from St. Rita Fest help to ensure that St. Rita School for the Deaf may continue to provide an educational environment where children who need special methods of communication are encouraged to explore the world of knowledge - to experience the arts and sports - to learn the meaning of responsibility - to develop lasting friendships...*to strive to reach their goals and become a success*.

Purchase your St. Rita Fest 2009 Grand Raffle tickets – and know that you are making a difference in the lives of the children that look to St. Rita School for the Deaf for the love, support and education that will prepare them for a life of success.

Thank you for your important part in keeping St. Rita School for the Deaf's mission of service to the children strong - *for 94 years of success making the impossible, possible*.

In our continual efforts to become better stewards of our environment and ensure that your gift better serves our students we will no longer be sending acknowledgements for the purchase of raffle tickets. We trust that you understand our need for this cost-saving effort.

Thank you in advance for your support!
