We hope you like our new look!

St. Rita School for the Deaf began 97 years ago, sparked from a dream to be hope and help to the Deaf community. Now in 2012 we are so much more—a hope and a help to children faced with many communication, language and learning challenges. As we strive to be a good steward of your generosity, we found an opportunity to update our brand to reflect how much we have grown and developed from that first dream.

Thanks to the generous spirit of Scott Bruno at b graphic design, we now have a new and fresh newsletter that reflects the strides we have made in the last 97 years and is also much more cost effective.

We are excited everyday by the leaps our students make and hope that the upcoming changes, including a new logo, reveals the momentous strength and heart of our students, teachers and staff.

Bailey and Patrick

Looking for a preschool for her 3 year old son in Wooster, Ohio became a challenge for Bailey when Patrick was diagnosed with DiGeorge Syndrome and Apraxia. “I wanted to find a place where he could be himself,” said Bailey about several schools that offered programs, but were just not a good fit for her son. She even tried a school in Columbus for the deaf and blind, but they would not accept Patrick.

Three weeks after her visit to the school in Columbus, she received a call recommending her to St. Rita School. Just six days after her visit, Bailey and Patrick moved to Cincinnati and became a part of the St. Rita family.

“I fell in love and my son was immediately at home. Right away he could speak with sign to friends and the teachers,” said Bailey.

Bailey saw an amazing transforma-

tion in her son in just a little over a year. “He is just a normal little boy now. Before he was a loner and at daycare he played

You can change a child's life!

We need your help and now your gift can help even more children! An anonymous donor will match dollar for dollar each gift made now through May 1st up to \$2,500. In a world that hands enormous obstacles to children, you can be a shining light of hope and join us as we meet the needs of our students. Please help us reach our goal so that we can continue to provide a quality education to all children regardless of their family's ability to pay. You can help by using the enclosed envelope to send in your gift or donate online at www.srsdeaf.org.

Your support made a difference!

At St. Rita School I am amazed at the strides our students make. As we kick off this New Year I am reminded that 2011 was not just another year. It was Emma's year, Jordan's year and Ashley's year to learn that they are not defined by their challenges, but their talents and dreams.

Your support has given our students the most advanced tools available to learn how to communicate in a world that was once a foreign place. With Laptops, iPads and Interwrite School Boards, our students have the opportunity to learn with interactive programs that engage visuals, audio and hands-on education. Our vocation programs are thriving as students learn they can be self-sufficient. All of our students are grasping these opportunities and learning and growing like never before.

Looking forward to 2012, I know that children should not have to carry these burdens, but that people like

you are there to lift them up. Your support is changing lives every day.

Thank you for a great year and thank you for continuing to create miracles in 2012.

Gregory Ernst, Executive Director

by himself in a corner. I've never seen a child at such a young age be uncomfortable in his own skin. Now he is on the play ground with friends and I can't get him to come home. He talks to me about school or a dream he had. His best friends are both typical which is the most amazing thing in the world. Back home they knew he was different, but here he can be himself."

The move to Cincinnati was difficult for Bailey having no friends or family close by. "St. Rita School has become my extended family. They have helped me a lot. I

found a job serving and not knowing the area, Rebecca helped me find an apartment in a safe area," said Bailey. Tuition was also to be the last of Bailey's worries. St. Rita School will not turn anyone away.

"They have done amazing things for my son. St. Rita School truly molds to the child. I've never seen a community so eager to help children when they have no where else to go. Without St. Rita School, my son would be in a resource room in a corner somewhere not able to express himself or his feelings. He wouldn't be a little boy."

"He is becoming more vocal which is huge improvement. He loves recess and he loves to write and count. He is so funny and so animated. He wasn't like that before St. Rita School," said Bailey. "He has blossomed and wants to know everything about everything. I just know that God pointed me to St. Rita School. I know he will continue to grow at St. Rita School and get the education he deserves. They are all Patrick's angels."

Did You Know?

That we are not just a school for children who are deaf. 40% of the children that attend school here have other special needs such as Autism, Down Syndrome, developmental disabilities, or Apraxia and can hear.

Blast from the Past

An excerpt from our 1912 Newsletter

A little boy around 8 years old was dropped off to our care he was unable to give no account for himself as he was unable to converse with anyone. Prior to his arrival we received an application for a boy with the same surname so we assumed that this was him. After a lapse of a month, another tot bearing the same surname was ushered into our midst. Upon seeing each other a quarrel began. Now the question arose, were they brothers? How will we know? We still remained ignorant as to the relationship. After a short time we were unpacking the new arrivals suitcase and noticed a baseball suit bearing the older boys name and another quarrel followed. Now had these children been able to speak or taught sign there would have been no doubt as to their identity for the brother surely would have said he is my brother. An orphan always touches the cord of a human heart. St. Rita School has opened its doors to care for every deaf child whether they have loving parents or not. We try to supply a cheerful, comfortable, loving home to each little soul entrusted to our guidance.

Our Mission: We are a Catholic day/residential program whose primary mission is to educate infants and students who need special methods of communication and technological support.

Memorial Program

Looking for a way to honor someone who has everything? Celebrate a special occasion, say thank you or remember an important person in your life by making a gift to St. Rita School for the Deaf in his or her name. Weddings, anniversaries, birthdays, and holidays take on a new meaning when your gift brings help and hope to families who are struggling with their child's special needs. Remembering those who have touched your life in a special way can comfort and console loved ones while also helping children to succeed in their life. People enrolled in the Memorial Program as well as the donor, are remembered at a special Mass and daily in the prayers of our students and staff. If you are interested in participating in the Memorial Program, please call 513.771.7600.

At the time of this publishing deadline, only 3 months of memorials were available. For a complete listing of our memorials visit www.srsdeaf.org.
